Carriers shall report lines and rates in effect as of January 1.

Response:

In the Federal Communications Commission (FCC) Third Order On Reconsideration in the matter of Connect America Fund, et al., FCC 12-52 §19 and §21, the FCC has determined that all incumbent local exchange carrier recipients of high-cost loop or high-cost model support must report residential local rates to the extent that the sum of that rate, and specific state regulated fees is below the effective rate floor, rather than requiring the reporting of all rates. Carriers shall now report lines and rates in effect as of June 1, 2012.

This is not applicable to CenturyLink QC as carrier does not currently receive high-cost loop or high-cost model support.
